

IIT Research Day Sigma Xi Lecture

SCIENCE INTO STORIES: THE HUMAN ANGLE ON RESEARCH AND DISCOVERY

Gabriel Spitzer

Creator of WBEZ's "Clever Apes"; reporter at KPLU, Seattle

Spitzer will present this year's Sigma Xi lecture, "Science into Stories: The Human Angle on Research and Discovery." His lecture is part of IIT Research Day, an annual event that celebrates the research activities that take place across campus. This year's event also includes student poster presentations and a poster award ceremony, starting at 1 p.m. in the atrium of Technology Park.

April 18

Poster Session, 1 p.m., Technology Park Atrium

Sigma Xi Lecture, 2:30 p.m., IIT Tower Auditorium

IIT Research Day is open to everyone.
