

## ACaPS Parking Permit Design Contest Reminder!

### Overview:

There is still time to participate in the ACaPS Parking Permit Design Contest. All currently enrolled Illinois Tech students are encouraged to tap into their creativity to design the face of the following parking permits for 2016-2017: Standard FLEX, Evening, and Resident (see below).

Participants may submit one entry for each permit type. An individual may win for multiple designs; however, only one (1) prize (Free Fall 2016 Permit) will be issued per person. Winning designs will be determined by a panel of judges.
